

JUNE - 1964

Where do we begin-- it's been a Porsche filled time since our last newsletter.

MAY 9 COCKTAIL PARTY-- Weren't those free cocktails furnished by Bill Sholar a pleasant surprise? It's impossible to give a head-count on this affair except to report the number was considerable and many new acquaintances were formed. We would like to pass along the "Thanks" conveyed to us by the departing PCAers to all our region's members who came out to meet these people and bid them "Safe-Journey". The Chicago Region presented all the travellers with 9th Parade name badges and reports are they were very useful during the Treffen.

9TH PORSCHE PARADE--

O Chairman! our Chairman! your awesome task is done,
 The Parade has weather'd every rack, the prize we sought is won,
 The port is near, the bells we hear, the people are exulting,
 While follow eyes the steady keel, the vessel grim and daring;
 But O heart! heart! heart!
 O the bleeding drops of red,
 Where on the deck our Chairman lies,
 Fallen cold and dead (drunk)...

How can we condense a week of Porsche activities for our newsletter? We can't, so we'll just tell you to be sure to read the August Panorama for a complete report and pictures. Following are a few of the high-lights:

We ended up with a total of 237 Porsches registered. The "President's Cup" was presented the Allegheny Region for the largest percentage of their membership attending. The "Region of the Year" trophy was awarded the "TREE-mendous Riesentoters" from Eastern Pennsylvania, with stern instructions from Farouk "Don't scratch it-- we want it back."

The sneaky Parade Committee threw us a curve by starting the week off with the Concours being conducted under water. However, the entrants and judges carried on undaunted and the weather man was cooperative the remainder of the week

The Chicago Region Punch Party was a smashing success, as attested to by the survivors the following day. The chemist responsible for this concoction was under a doctor's care at the time of the party (as a result of sampling his recipe?)

We were all pleased for the opportunity to meet Dr. Porsche, his wife and their son, Peter.

Following the presentation of the overall awards Friday evening, it was announced that the 10th Parade will be held in Santa Barbara, California hosted by the Los Angeles Region. Let's go get that trophy back!

Saturday Morning the enthusiasts journeyed to Elkhart Lake for the June Sprints, and to participate in an all-Porsche parade lap of the course, led by Dr. Porsche.

The 9th Parade Committee sincerely thank the Chicago Region members for their cooperation and support with a total of 86 registrations, 44% of our membership.

And to the 9th Parade Committee, headed by 009, from your fellow members, an even bigger "THANKS" for your many months of hard work-- you all did a great job.

THAT WAS THE WEEK THAT WAS...
